

### Instructions:

- 1) Print out making sure you select "actual size" or "do not scale" on the print options screen.
- 2) Cut out the image with scissors following the outer box line
- 3) Scribble on the back of the paper with pencil or charcoal
- 4) Wash your hands and lightly tack the image to your canvas using tape on at least two corners
- 5) Firmly but carefully trace the lines onto your canvas. You can lift a corner to see if it is transferring.
  - If it is not transferring scribble more on the back or, press harder as you trace.
- 6) Remove the paper and clean up lines
- 7) Follow the video on [www.spotofcolor.com/adventtower2023](http://www.spotofcolor.com/adventtower2023) to paint with your new gouache paint! A second image is provided in case of mistakes or to use on the second canvas in your kit.
